Institute of Genetic Epidemiology
Department of Genetics
Innsbruck Medical University
Schöpfstr. 41, 6020 Innsbruck, Austria

Curriculum Vitae

Work Experience:

From 2022: Univ.-Prof. for “Statistical Genetics” at the Institute of Genetic Epidemiology, Medical University of Innsbruck, Austria

2017 to 2021: Associate Professor, MUI

2013 - 2016: Assistant Professor, MUI

2009 - 2013: University Assistant, Division of Genetic Epidemiology, Medical University of Innsbruck (MUI), Austria

2003 - 2008: Research Assistant in Genetical Statistics, Institute of Epidemiology, Helmholtz Zentrum München, Neuherberg, Germany

2001 - 2002: Research Assistant at the Silvia Lawry Centre for Multiple Sclerosis Research, Munich, Germany

2000 - 2001: Statistical Consultant at the Kansas State University, KS, USA

1998 - 2000: Research Assistant at the Institute for Medical Statistics and Epidemiology, Technical University Munich, Germany

Education:

2003 - 2009 PhD Student at the University of Munich, Germany, Dissertation in Human Biology with the topic „Missclassification in genetic variants and its impact on genetic association studies“

2000 - 2001 Exchange Student at the Kansas State University, KS, USA, Graduate Studies in Statistics (Scholarship)

1996 – 2003 Study of Statistics (degree: Diplom) at the University of Munich, Germany

Awards

- Otto-Kraupp-Preis 2017 for the best Habilitation thesis in Austrian Medical Universities
- Best presentation award of the Austrian Atherosclerosis Society, 2018

Third party funding as Principal Investigator:

Austrian Science Fund (FWF): Project Nr. P 26660-B13: “A genome-wide approach to evaluate the genetic basis of lipoprotein(a)” (February 2014 – January 2019)
